## International Guest Speakers – Annual Conference 2022

**Prof Wojciech Golusinski**  
*The Greater Poland Cancer Centre, Poznan, Poland*  
*President, European Head and Neck Society*

*Chair of the Department of Head and Neck Surgery of the Poznań University of Medical Sciences at the Greater Poland Cancer Centre.*

*President of the European Head and Neck Society (term 2018-23).*

He is the initiator and founder of the Polish Head and Neck Tumor Society – an interdisciplinary scientific society. For the past 2 years he has been President of the European Head and Neck Society – the largest European scientific society (over 2900 members), bringing together representatives of all specialties that carry out diagnosis, treatment and rehabilitation of patients with head and neck cancer.

Co-author of European recommendations on diagnosis and treatment of head and neck cancer, prepared by members of three societies: EHNS, ESTRO and ESMO. Author of over 300 papers, reports and lectures published in Polish and foreign journals. They focus primarily on diagnosis, treatment and prevention of head and neck cancer. His special interests are expressed in publications on the role of HPV virus in cancers of the oropharynx as well as genetic and molecular studies evaluating the biology of head and neck cancer.

His other research activities include head and neck surgery with special emphasis on reconstructive capabilities after extensive surgery, endoscopic surgery and robotic surgery. Prof. Wojciech Golusiński is the initiator, author and organizer of the National Head and Neck Cancer Prevention Program. In 2016 he was appointed to the position of Expert in Head and Neck Cancers by the Polish Ministry of Health. For many years now he has been the most recognizable Polish ENT surgeon dealing with head and neck cancer treatment in Europe

**Dr Nitin Pagedar**  
*University of Iowa, Iowa, USA*

I am the Director of the Division of Head and Neck Oncology in the Department of Otolaryngology – Head and Neck Surgery at the University of Iowa, where I have worked since 2008.

I completed otolaryngology residency at Case Western Reserve University and fellowship in head and neck oncology and microvascular reconstruction at University of Toronto with Drs Patrick Gullane, Jeremy Freeman, and Ralph Gilbert.

I direct the annual Iowa Head and Neck Course, whose 55<sup>th</sup> installment will occur this summer. I am also Editor-in-Chief of Annals of Otology, Rhinology, and Laryngology. I am interested in health services research related to head and neck cancer survivorship and related topics. I am married with two children.

**Dr Michiel van den Brekel**  
*Netherlands National Cancer Institute, Netherlands*

Professor Michiel WM van den Brekel, MD PhD, graduated “cum laude” from the Medical Faculty of the University of Leuven (Belgium) in 1987.

After completing his military training (captain) he did his PH.D. research at the Free University and wrote a thesis under Prof. GB Snow and Prof J Valk on “Imaging and Histopathology of Neck Node Metastases”. He was the first to study the value of ultrasound guided aspiration cytology in neck nodes.

He completed his Otolaryngology-residency at the Academic Hospital of the Free University (VUmc) in Amsterdam under Professor Snow and Dr. Tiwari in December 1994 and his Head and Neck Fellowship (sponsored by the Dutch Cancer Society) at the Netherlands Cancer Institute – Antoni van Leeuwenhoek Hospital in Amsterdam as well as at the University of Toronto, Mount Sinai Hospital in December 1996. From 1997 until 2000 he worked as a head and neck surgeon at the Free University (VUmc) in Amsterdam.

Since 2000 he is head and neck surgeon at the Netherlands Cancer Institute – Antoni van Leeuwenhoek Hospital in Amsterdam as well as the Academic Medical Center of the University of Amsterdam. Since 2009 he is the chairman of this department. In 2011 he was appointed as Professor at the University of Amsterdam (Institute of Phonetic Sciences) for ‘Oncology related voice and speech disorders’. His clinical research focuses on rehabilitation as well as imaging of head and neck cancer patients. He is also active in translational research. He is a member of various international/national head and neck societies and presented basic and clinical research papers at many international meetings. He (co-)authored over 290 peer-reviewed papers and various book chapters. He is honorary member of the Indian, Israeli and German Head and Neck Society.

**Professor Jo Patterson**  
*Speech and Language Therapy, University of Liverpool, UK*

I am Professor of Speech & Language Therapy at the University of Liverpool, and continue to balance my time between clinical and academic activities.

I lead the Improving patient outcomes in Head and Neck Cancer theme as part of the Liverpool Head and Neck Cancer Centre. My research interests relate to voice, speech and swallowing function, patient outcomes and intervention development.

My responsibilities include increasing research capacity and capability amongst nurses and allied healthcare professionals.

Previously, I held a substantive NHS post for 29 years, leading a SLT service in head and neck cancer, delivering evidence-based prehabilitation, rehabilitation and supportive care across the patient pathway. I am a Fellow and Professional Advisor for the Royal College of SLTs; chair the NIHR ENT national specialty group, providing strategic direction for AHP research in ENT practice and am a member of the NIHR Academy.

**Dr Bhuvanesh Singh**  
*Memorial Sloan Kettering Cancer Center, New York, USA*

Bhuvanesh Singh, MD, PhD is Professor and Attending Head and Neck Surgeon at Memorial Sloan Kettering Cancer Center.

He is Co-director of the Advanced Skin Cancer Management and Prevention Program and Director of The Laboratory of Epithelial Cancer Biology. Dr. Singh is an active clinician that has performed over 7500 head and oncological resections and reconstructions during his over 25 years at Memorial Sloan Kettering Cancer Center. He is also actively involved in education, clinical and basic research activities.

Dr Singh has authored over 250 peer reviewed research papers, 30 book chapters and 3 textbooks. Dr. Singh has developed innovative approaches to surgery, instituted measures that improve psychosocial outcomes, as well as participated in numerous clinical trials that have advanced outcomes in patients with head and cancer. In the laboratory,

Dr. Singh's focus is to develop novel approaches to treat patients with cancer. His research team cloned a novel gene (SCCRO/DCUN1D1/DCN1) and defined its biochemical, cellular, and oncogenic activities. In a true bench to bedside effort, the work from his group had formed the basis for drug-discovery resulting in the development of a first-in-class compound that effectively inhibits SCCRO activity *in vivo*. The compound, developed by Dr. Singh and his collaborators, had proven to be highly effective in the treatment of a broad range of cancers in mice. It is currently being optimized for use in clinical trials in humans.

**Dr Nitin Pagedar**  
*University of Iowa, Iowa, USA*

I am the Director of the Division of Head and Neck Oncology in the Department of Otolaryngology – Head and Neck Surgery at the University of Iowa, where I have worked since 2008.

I completed otolaryngology residency at Case Western Reserve University and fellowship in head and neck oncology and microvascular reconstruction at University of Toronto with Drs Patrick Gullane, Jeremy Freeman, and Ralph Gilbert.

I direct the annual Iowa Head and Neck Course, whose 55<sup>th</sup> installment will occur this summer. I am also Editor-in-Chief of Annals of Otolaryngology, Rhinology, and Laryngology. ## OVERVIEW

### Friday 6 May

**8.45 am Welcome – Professor Patrick Sheahan (Cork)**

**9.00-10.30 Free papers session I**

**Moderators Mr Liam Skinner (Waterford), Dr Joe Martin (Galway)**

**10.30-11.00 Coffee Break**

**11.00-13.00 Survivorship symposium**

***Chairs: Ms Cherith Semple (Belfast), Dr Eleanor O’Sullivan (Cork)***

- Head & Neck Cancer – the lived experience – **Ms Mairead O’Sullivan**
- Post-treatment dysphagia interventions - **Prof Jo Patterson**
- Optimizing outcomes: From the office to the operating room - **Dr Bhuv Singh**
- A path to survivorship - **Dr Nitin Pagedar**

**1.00-2.00 Lunch break**

**2.00-3.10 Oral cavity**

***Chairs: Mr John Ed O’Connell (St James), Mr Fiachra Martin (Beaumont)***

- New developments in optimizing resection margins in oral cancer and management of the N0 neck. **Dr Michiel von den Brekel**
- Reconstruction of maxilla. **Prof Conor Barry**

**3.10-3.40 Coffee break**

**3.40-4.20 Systemic treatment**

***Chair/Moderator Prof Sinead Brennan (St James), Dr Linda Feeley (Cork)***

- Biomarker testing in H&N cancer – **Dr Esther O’Regan (St James)**
- Evolving role for Immunotherapy in H&N cancer – **Dr Cliona Grant (St James)**

**4.20-5.00 Skin Cancer:**

***Chair: Mr Barry O’Sullivan (Beaumont), Mr Martin Donnelly (Waterford)***

- Skin cancer in Europe - the rising problem **Prof Wojciech Golusinski (Poznan)**
- New horizons in skin cancer management **Prof J Paul O’Neill (RCSI)**

**5.00-5.15 General Assembly of IHNS**

# IHNS

THE IRISH  
HEAD & NECK  
SOCIETY

**5.30-6.30 Poster viewing + wine reception**

**8.00-late Conference Dinner**

**Saturday 7 May**

**9-10.30 Free papers session II**

**Moderators: Professor Conrad Timon (St. James), Dr Cynthia Heffron (Cork)**

**10.30-11.0 Coffee Break**

**11.00-12.15 Unknown primary and HPV**

**Chair/ Moderator: Dr Kathy Rock (Cork), Prof Tom Moran (Mater)**

- Epidemiology of H&N cancer in Europe – **Prof Sefik Hosal**
- Update on trials on reducing dysphagia **Jo Patterson**
- Optimizing outcomes in HPV-associated oropharyngeal cancers - **Dr Bhuvanesh Singh**
- Discussion

**12.15-1.00 Short papers session III**

**Moderators: Ms Jemima Dorairaj (Cork), Dr Mazen El Bassiouni (Limerick)**

**1.00-2.00 Lunch**

**2.00-3.15 Larynx cancer panel**

**Chair/ Moderator: Ms Orla Young (Galway), Ms Teresa Hanevy (Cork)**

- The role of total laryngectomy nowadays **Prof Wojciech Golusinski**
- Surgical techniques in optimizing postlaryngectomy rehabilitation **Michiel von den Brekel**

**3.15-3:45 Coffee Break**

**3.45-4.45 Stump the Professors –clinical cases.**

## Friday 6 May

8.45 am Welcome – **Professor Patrick Sheahan** (Cork)

### **9.00-10.30 Free papers session I**

Moderators **Mr Liam Skinner** (Waterford), **Dr Joe Martin** (Galway)

9.00-9.08 Epidemiology and survival of oral cavity cancer in Ireland - surgery remains the standard of care

Eoin F Cleere<sup>1</sup>, GP Sexton<sup>1</sup>, JM Hintze<sup>1</sup>, P Walsh<sup>2</sup>, P Lennon<sup>3</sup>, JP O'Neill<sup>1</sup>.

1.Department of Otolaryngology, Head & Neck Surgery, Beaumont Hospital, Dublin; 2.The National Cancer Registry of Ireland; 3.Department of Otolaryngology, Head & Neck Surgery, St James' Hospital, Dublin

9.08-9.16 Therapeutic Eating: benefits of Structured Eating Programme in a Speech and Language Therapy Radiotherapy Head and Neck Cancer treatment clinic

Sandra Brandon , Karen Malherbe

Departments of Speech and Language Therapy and Radiation Oncology, Galway University Hospital

9.16-9.24 Age is just a number

Eoin F. Cleere<sup>1</sup>, Matthew G. Davey<sup>2</sup>, James P. O'Neill<sup>1,3</sup>.

1.Department of Otolaryngology Head and Neck surgery, Beaumont Hospital, Dublin. 2.The Lambe Institute for Translational Research, National University of Ireland, Galway; 3.The Royal College of Surgeons in Ireland, Dublin

9.24-9.30 Discussion

9.30-9.38 Effects of prophylactic percutaneous endoscopic gastrostomy placement on nutritional status and admission rates in head and neck cancer patients attending radiotherapy, a retrospective analysis

Fionnuala Muldoon<sup>1</sup>, Muhammad Faisal Jamaluddin<sup>2</sup>, Ciara Lyons<sup>2</sup>, Kathy Rock<sup>2</sup>, Maura O Connell<sup>2</sup>.

1.Departments of Dietetics, Cork University Hospital; 2. Department of Radiation Oncology, Cork University Hospital

9.38-9.46 Head and Neck Cancer Survivorship: Meeting Unmet Needs

Brendan Noonan<sup>1,2</sup>, Deirdre Callanan<sup>3</sup>, Josephine Hegarty<sup>1</sup>

1.School of Nursing & Midwifery, University College Cork; 2.ENTO Research Unit University College Cork; 3. Department of Otolaryngology Head and Neck Surgery South Infirmary Victoria University Hospital Cork

# IHNS

THE IRISH  
HEAD & NECK  
SOCIETY

## 9.46-9.54 Role of Prophylactic Central Neck Dissection in Patients Undergoing Total Thyroidectomy and Lateral Neck Dissection for Thyroid Cancer

Fiona Riordan<sup>1</sup>, Linda Feeley<sup>2,4</sup>, Matthew Murphy<sup>3</sup>, Patrick Sheahan<sup>1,4</sup>

1.Department of Otolaryngology Head and Neck Surgery, South Infirmary Victoria University Hospital, Cork; 2.Department of Pathology, Cork University Hospital; 3 Department of Endocrinology, South Infirmary Victoria University Hospital, Cork, 4.ENTO Research Unit, University College Cork

## 9.54-10.00 Discussion

## 10.00-10.08 Non-conventional laryngeal malignancies: a multicentre review of management and outcomes

Rory O'Neill<sup>1,2</sup>, Hintze J<sup>1,2</sup>, Sharifah A<sup>3</sup>, Garry S<sup>2,5</sup>, Woods G<sup>6</sup>, Noone A<sup>1</sup>, Barrett H<sup>6</sup>; Young O<sup>5</sup>, Mamdouh S<sup>1,2</sup>, Shine N<sup>1</sup>, Timon C<sup>3,7</sup>, Kinsella J<sup>3</sup>, Sheahan P<sup>4,8</sup>, Lennon P<sup>3</sup>, O'Neill JP<sup>1,2</sup>

1.Department of Otorhinolaryngology Head and Neck Surgery, Beaumont Hospital, Dublin; 2.Royal College of Surgeons; 3.Department of Otorhinolaryngology, Head and Neck Surgery, St James Hospital, Dublin; 4 Department of Otorhinolaryngology, Head and Neck Surgery, South Infirmary Victoria University Hospital, Cork; 5.Department of Otorhinolaryngology, Head and Neck Surgery, University Hospital Galway; 6 Department of Histopathology, Beaumont Hospital, Dublin; 7.Trinity College Dublin; 8 University College Cork, Ireland

## 10.08-10.16 Regional control rates of selective neck dissection for treatment of patients with cN+ neck

Mohammad Al-Tawil<sup>1</sup>, Isabella Stanisz<sup>1</sup>, Deirdre Callanan<sup>1</sup>, Patrick Sheahan<sup>1,2</sup>

1.Department of Otolaryngology Head and Neck Surgery, South Infirmary Victoria University Hospital, Cork; 2.ENTO Research Unit, University College Cork

## 10.16-10.24 Comparison of Outcomes based on Royal College Of Pathologists (RCPATH) and College Of American Pathologists (CAP) Definition For Positive Margins In Oral Cancer

David Brinkman<sup>1</sup>, Deirdre Callanan<sup>1</sup>, Hadeel Jawad<sup>2</sup>, Ross O'Shea<sup>1</sup>, Ryan O'Sullivan<sup>1</sup>, Andrew Dias<sup>1</sup>, Linda Feeley<sup>2,3</sup>, Patrick Sheahan<sup>1,3</sup>

1.Department of Otolaryngology Head and Neck Surgery, South Infirmary Victoria University Hospital, Cork; 2.Department of Pathology, Cork University Hospital; 3.ENTO Research Unit, University College Cork

## 10.24-10.30 Discussion

## POSTERS

P1 Facilitating virtual pre-operative laryngectomy visits during the Covid-19 pandemic: Exploring the experiences of key collaborators

Abbi Mc Carron, Noreen O'Regan, Deirdre Leavy, Valerie Flood, Caoimhe Mulgrew.

Department of Speech and Language Therapy, St James' Hospital Dublin.

P2 Endoscopic Nasopharyngectomy - A minimally invasive approach in the treatment of locally recurrent Nasopharyngeal Carcinoma

S Garry, L O'Byrne, J Kinsella, S Abdulrahman

Department of Otolaryngology Head and Neck Surgery, St James's Hospital, Dublin.

P3 Risk of Malignancy in Thyroid Nodules: A Five-Year Retrospective Series in the West of Ireland

Thomas J. Crotty<sup>1</sup>, Nadia Van Den Berg<sup>1</sup>, Eoin F. Cleere<sup>1</sup>, Mel Corbett<sup>1</sup>, John Bruzzi<sup>2</sup>, Orla Young<sup>1</sup>

1. Department of Otolaryngology/ Head and Neck Surgery, Galway University Hospital,

2. Department of Radiology, Galway University Hospital

P4 FEES - Is this new assessment service changing swallowing outcomes for radiation-oncology patients?

Susan Lawson<sup>1</sup>, Stacey Daly<sup>2</sup>, Sinead Brennan<sup>3</sup>

1.Department of Speech and Language Therapy St Luke's Radiation Oncology Network, Dublin,

Ireland; 2.Department of Speech and Language Therapy Speech and Language Therapy, St

James's Hospital, Dublin, Ireland; 3.Department of Radiation Oncology, St Luke's Radiation

Oncology Network, Dublin

P5 Lateral temporal bone resection for management of advanced cutaneous and parotid malignancy

M Fitzsimons, P Sheahan, Mohammad H Khan,

Dept of Otolaryngology, South Infirmary Victoria University Hospital, Cork

P6 Trends in intra-operative voice prosthesis insertion and voice prosthesis use in patients post total laryngectomy at Beaumont hospital

Sara Brennan

Department of Speech and Language Therapy, Beaumont hospital, Dublin.

P7 Intraoperative voice prosthesis placement versus catheter (secondary) placement: a comparison of length of stay in the salvage laryngectomy population

Maire Ring, Aishling Ni hAonghusa. Department of Speech and Language Therapy, South Infirmary Victoria University Hospital, Cork
